2019 Main Street Project

Council was presented the updated cost estimates for the 2019 Main Street Project. These costs are for the 2 blocks between MN Ave W and State Hwy 11. The estimated cost for watermain is \$212,800.00, street reconstruction including sidewalks is \$550,826.82 and street lighting is \$87,659.69. The total estimated cost is \$851,286.50. At this time this project is not eligible for MN PFA funding. Even if the city did receive funds from MN PFA, they would not pay for all of the street and sidewalk or the street lighting. Shortly before today's meeting Clerk-Treasurer Locken found out that there are grant opportunities through MN DEED for the streetscape portion of this project. The grant could provide up to \$600,000 for the sidewalks, planters, business rehabilitation etc. The application for this grant would be in November of 2019. That would push the project back to 2020. There are concerns from business owners as to how expensive this project is and how much of the project they would be expected to be assessed. A letter is to be sent to the business owners giving them an update on what information was discussed.

Upcoming Meetings:

- Regular Council Meetings: at 5:30 pm on Nov 19th, Dec 17th and Tuesday January 22nd
